

OMIDRIA

DEDICATED ACCESS AND SUPPORT FOR YOUR PATIENTS

Non-opioid OMIDRIA qualifies for separate payment by the Centers for Medicare & Medicaid Services (CMS) when used in ambulatory surgery centers (ASCs)¹

- OMIDRIA is covered and paid by **100% of Medicare Administrative Contractors (MACs)** when used in the ASC setting across all **50 states** and Puerto Rico²

A unique billing code for OMIDRIA: J1097^{3*}

- **OMIDRIA is reimbursed per mL; therefore, providers should always use 1 mL as the billing unit and bill for 4 units when OMIDRIA is utilized**
- ASCs use this unique permanent HCPCS code to bill CMS and other payers for separate payment
- HOPDs use this unique HCPCS code to bill commercial payers and Med Advantage

HCPCS=Healthcare Common Procedure Coding System; HOPD=hospital outpatient department.

*Individual plan coverage, payment, policies, and procedures vary and should be confirmed by the facility. Rayner does not guarantee reimbursement.

OMIDRIA dilution and storage⁴

Prior to dilution

- Store at 20°C to 25°C (68°F to 77°F)
- Protect from light

Easy to integrate into routine operating procedures

- Add preoperatively to irrigation solution
 - One 4-mL single-patient-use vial to 500-mL ophthalmic irrigating solution
 - Can be added to irrigation solution in the surgical suite
- No other preparation required

Do not use if the solution is cloudy or contains particulate matter.

After dilution, product can be stored:

- Up to 4 hours at room temperature
- Up to 24 hours if refrigerated

INDICATIONS AND USAGE

OMIDRIA[®] is added to ophthalmic irrigating solution used during cataract surgery or intraocular lens replacement and is indicated for maintaining pupil size by preventing intraoperative miosis and reducing postoperative ocular pain.

IMPORTANT SAFETY INFORMATION

OMIDRIA must be added to irrigating solution prior to intraocular use.

OMIDRIA is contraindicated in patients with a known hypersensitivity to any of its ingredients.

Systemic exposure to phenylephrine may cause elevations in blood pressure.

Use OMIDRIA with caution in individuals who have previously exhibited sensitivities to acetylsalicylic acid, phenylacetic acid derivatives, and other nonsteroidal anti-inflammatory drugs (NSAIDs), or have a past medical history of asthma.

The most commonly reported adverse reactions at $\geq 2\%$ are eye irritation, posterior capsule opacification, increased intraocular pressure, and anterior chamber inflammation.

Please see the Full Prescribing Information for OMIDRIA at www.omidriahcp.com/prescribinginformation.

You are encouraged to report Suspected Adverse Reactions to the FDA. Visit www.fda.gov/medwatch, or call 1-800-FDA-1088.

OMIDRIAAssure[®]
SUPPORT AT EVERY STEP

The OMIDRIAAssure[®] program offers patients options to assist with the cost of OMIDRIA as well as dedicated access to comprehensive reimbursement programs for your cataract procedures.

OMIDRIA is on the VA National Formulary with no PA required.

Schedule an in-service with your OMIDRIA Field Reimbursement Manager by contacting your OMIDRIA Sales Representative, emailing omidriafrms@rayner.com, or calling 1-844-RAYNER1 (1-844-729-6371).

PA=prior authorization; VA=United States Department of Veterans Affairs.
